

Home Health Agencies Merge and Reveal New Logo

HomeHealth Visiting Nurses (HHVN) and SMMC Visiting Nurses have merged into one agency. Our new organization keeps the name HomeHealth Visiting Nurses and adopts SMMC Visiting Nurses' heart emblem as its logo.

Medicare regulations require that all referring hospitals, rehabilitation centers and long term care facilities update your patient choice letter and remove reference to SMMC Visiting Nurses.

HHVN offers home based services to patients of all ages, 24 hours a day, 7 days per week, throughout Cumberland, York and southern Oxford Counties. As a not-for-profit organization, we care for patients of all ages without regard to financial resources or payer source:

- Nursing Care
- Rehabilitative Therapies
- Palliative Care
- Maternal and Child Health Promotion
- Nutritional Counseling
- Home Health Aide Support
- Telehealth
- Counseling and Emotional Support
- Lifeline

Our Community Health and Wellness Program offers screenings, vaccinations, foot and nail care, diabetes education and support services.

Please know that our Provider Relations Team can schedule in-services and will update your office with educational materials. We thank you for your continued support and please feel free to contact me with any questions.

Sincerely,

Mia Millefogie
Vice President, Development & Marketing
