Charges Will Not Exceed Amount Generally Billed to Medicare

If you are approved for financial assistance under our policy and your approval does not cover 100 percent of our charges for the service, you will not be billed more for emergency or other medically necessary care, than the amount generally billed to patients having insurance.

Only necessary medical care is given as free care. If you do not qualify for free medical care, you may ask for a fair hearing. We will tell you how to apply for a fair hearing.
