

Regardless of household income

WHY COMPLETE A SCHOOL BENEFIT APPLICATION?

SUPPORT YOUR SCHOOL COMMUNITY

Secure critical funding for school-based programming

Schools can receive federal funding to support nutrition, educational and enrichment programs.

By submitting your benefit application, you are helping your school access the federal funding to support school meal programs, instructional materials, books, computers, and teacher professional development.

BENEFITS FOR YOUR FAMILY

Save money now and in the future

School meals are the best deal in town and can help stretch the family budget. Also, based on eligibility, school meals can be available at no cost to you.

Every meal offers fresh fruits, vegetables, whole grains, protein, and milk (or milk alternative). All meals are required to meet nutrition standards to ensure they are healthy and taste good, too!

Families who qualify for free meals can also receive discounts on cable and internet services in eligible areas as well as college preparation and application assistance.

QUICK AND CONFIDENTIAL

Easy application process

Check your school district's website for details or contact your School Nutrition Director.
