WHO: You and your family

WHAT: 1 hour of physical activity

WHEN: Every day after school or work

WHERE: Outside – or inside if it's too dark out

HOW: Ditch the social media, pick an activity, and GO! GO! GO!

Tips for getting started:

- Create a healthy environment for your family by doing physical activity together.
- Leave electronic devices in a designated area and have the whole family do fun activities together.
- Pick a variety of activities to work on strength, endurance, and flexibility (do sit-ups and push-ups on Monday, play basketball on Tuesday, and do yoga poses on Wednesday).
- Track your activity and encourage each other along the way to having a stronger, healthier family.
