Weekly Construction Activities, Week of 5/7/18

- Visitor Garage:
 - Congress Street detour Starts Monday May 7th at 6 a.m.
 - Gillman Parking Garage - Visitors will start entering the garage at the Gillman street entrance starting May 7. A flagger will be in place in the garage to assist with the traffic flow.
 - Crane preparation and installation will start Monday.
 - Precast delivery and installation will start Friday May 11.
 - Selective Demolition/inspection work happening on Garage Level P7 and P8. These parking levels will be closed to the public.
- East Tower:
 - Construction stairs continue to be installed on the exterior of the building. Small crane will be on site to assist. Anchors will be installed into the face of the East Tower to support the Construction Stair. There may noise and vibration due to this operation.
 - Continued roof work on East Tower for preparation of steel.
