

June 30, 2022

Weekly Construction Activities, week of 7/4/2022

The Malone Family Tower

- Gilman Street will be closed from **July 11 through July 15**, with access to the neighborhood available via A Street. The Sleep Center parking lot will remain accessible.
- On Thursday, **July 7, and Friday, July 8**, Gilman Street will be reduced to one lane to accommodate concrete pours. The Thursday pour is large, and the contractor anticipates working to roughly midnight. The Friday pour is smaller, and there is no expectation for late work.
- Concrete deck pours and removal of formwork will continue. The concrete foundation walls are being waterproofed.
- There are over 100 workers on the site every day.
- The steel columns and beams and steel decking for the building are being placed. Almost half the structural steel has been installed.
- Fireproofing is being installed on the structure.
- Mechanical and electrical infrastructure is being installed in the building.
- The cranes on the site are very busy placing materials in the proper location.
