**Written Testimony of Sarah Calder, MaineHealth
In Support of
LD 1899, “An Act to Ensure Safe Entry and Access for People Seeking
Health Care and Other Constitutional Rights”
March 1, 2022**

Senator Carney, Representative Harnett, and distinguished members of the Joint Standing Committee on Judiciary, please accept my written testimony in support of LD 1899, “An Act to Ensure Safe Entry and Access for People Seeking Health Care and Other Constitutional Rights.”

MaineHealth is a non-profit health care system that provides the full continuum of health care services to the residents of eleven counties in Maine and one in New Hampshire through its nine acute care hospitals, physician practices, lab, home health care services, and an integrated continuum of inpatient and community-based behavioral health services.

As part of our vision of “Working Together So Maine’s Communities are the Healthiest in America,” we strongly support increasing access to affordable, comprehensive, equitable, and high-quality health care. To help achieve our mission and vision, we strongly support policies that protect the safety of our frontline care team members and ensure patients can access care safely.

Please feel free to contact me should you have any questions or concerns.

Sarah Calder
